Phallucy

HOLY MADDLY

Stud watching, clutching your fingers on them all/You collect extortion
and get abortions at the mall (and that ain't all)/Take it to the fucken
hole./Out sleeping with the creep who would seep in the goo/Each eye
has a bag/Thigh's-o-sag and your cheap hairdo (lee presson too)/Take it
to the fucken hole/You know that I feel your body boiling over./
Sometimes the rhymes you inspire are raw, but someday youre gonna pay
just like your ma (and we all know where she's from)/Whats under your
bra./You know that I feel your body boiling over/.

Phallucy was formed late 1987. After line-up changes the group moved from
its thrashy-punk origins into a more downhome but distinct style of metal.
A definite influence of the late 60's/70's brand of rock n roll ranging
from Hendrix, Zeppelin, The Beatles, Dylan, Cream, and the Stones. Heir
to the post punk and compact disk era, the band is also influenced by the
sound of rap, reggae, rhythm & blues, and soul.

Sonny Harrel - Guitar
Joe Senda - Drums
John Haiderman - Bass
David Garcia - Vocals

BEHIND VANITY

THE ATTITUDE IS SOME THING THAT I WILL ALWAYS DETEST
 WE ALL THINK WE'RE SO SPECIAL, BUT WE'RE NO BETTER THAN ANYONE ELSE
 HUMILITY IS SOME THING WE WILL NEVER UNDERSTAND
 THE DELUSIONS IN OUR HEADS RENDER US DAMNED
 JUST LIKE NAZARISUS WE SAW AN IMAGE AND FELL IN LOVE
 WE ALL HAVE THIS FALSE SECURITY WE THINK THAT WE STAND ABOVE
 FEEL THE EARTH IS OURS TO USE AT OUR EVERY LITTLE WHIM
 DECEITFUL SIGNALS ARE ALL WE KNOW HOW TO SEND

HIDE BEHIND YOUR VANITY
 A FRAUD OF YOUR FRAGILITY
 NO ONE GETS ALONG WITH WHO THEY LOVE
 TELL ME WHO IS CONTENT
 TELL ME WHO ISN'T ALONE?

WHY DO WE EXPECT THE SITUATION TO GO JUST LIKE WE HAVE PLANNED?
 WHY DO WE EXPECT OTHERS TO FOLLOW OUR EVERY DEMAND?
 JUST A DROP IN AN OCEAN
 JUST A FLASH IN THE PAN
 WE ARE ALL DAMNED
 DAMNED

If This Is Heaven

I can't believe I let you get away from me again. I need you more now than I did back then I called you up when I got home from workin hard all day. A strange voice said that you weren't there & that you had moved away. So if this is heaven baby, baby, I'd rather be in hell If this is heaven baby, baby, I'd rather be in hell. You called me up a few days later just to say hello. I asked you where you're livin now, you said you don't wanna know. You said that you found someone new, but you still wanted to be friends. So I said thank you very much, but no this is the end. So if this is heaven baby, baby, I'd rather be in hell. If this is heaven baby, baby, I'd rather be in hell.

I'm Your New Boyfriend

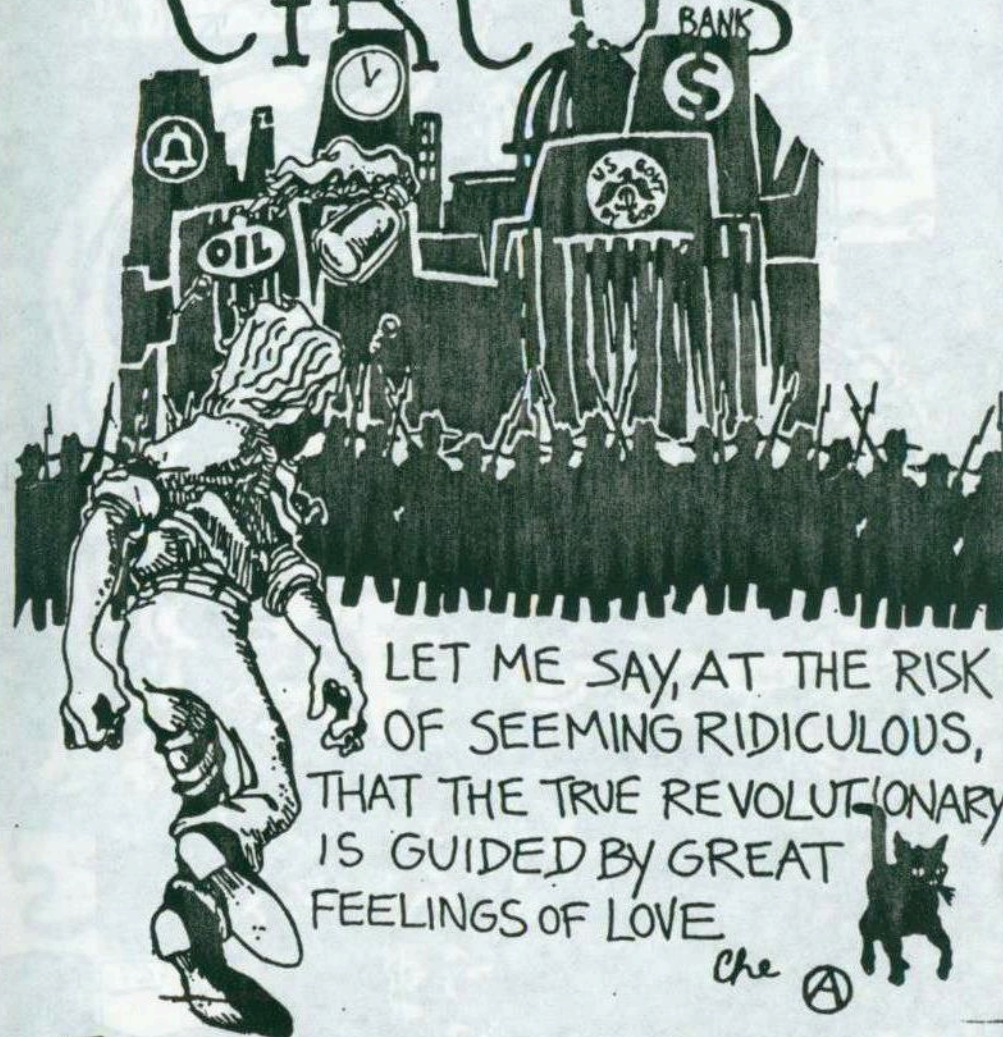

Say goodbye to that other guy. If he comes round again I'll punch him in the eye. He just wasn't right for you So I guess I'm gonna have to do. Cuz I'm your new boyfriend (3x) I'm the one from now on. When I saw that girl I thought I gotta get her She'll run off with him if I let her. I'll buy her a nice button-down sweater. I don't care if she still likes him better. I'm your new boyfriend (3x) I'm the one from now on. Get it straight right from the start, I'm your new boyfriend here to steal your heart. Get it straight right here right now. You didnt love him anyhow. That other guy he was just a boy, now you're hangin loose with the real McCoy. He wasn't worth even takin for free. Think of the fun you're gonna have with me, now that I'm your new boyfriend (3x) I'm the one from now on.

C/O ED CARROLL / PO BOX 160757 / SACTO / CA / 95816

Changing moods and different thoughts/Thinking you wanna be where you're not/You wonder why you're not there/Its not because you dont care./Your itching to get out of there/But you got no money or no time/Someday things will go your way/That'll have to be another day (x3)/Chorus (x2):
Got to escape that same routine/And leave with that girl from that magazine/I'm gonna climb till I reach the height/The everything is going to be alright//Pain and sorrow/I feel it in my bones going through my skin/Its not a crime to think the way I feel when I ask you to leave with me/Shut your eyes and picture what you see/It'll take you seconds to choose/Pain and sorrow/Will leave you with me tomorrow/It'll take you seconds to choose/I wont loose//Chorus//.

LEFT BEHIND (C)

MONTEZUMA'S (C) 1990
